

# EASTER EGG HUNT

2 WAYS TO PLAY

Start off by having your kiddo color each egg  
and then cut them out

## 1. HUNT THE HOUSE

- Hide the eggs around your home or yard and have your kids find them.
- First one to collect the most eggs, wins!

## 2. VIRTUAL EGG HUNT

- Place the eggs around your home or yard and take a picture of it.  
(You don't need to leave the egg there, it's just a brief photo opp.)

*The egg should be visible in the image, but hidden in plain sight. This could be on top of a mailbox, in a flower bed, taped to the house, or affixed to a pole.*

- Collect all the images and send them to friends and family to see if they can spot the eggs!
- Once they find all the eggs, they win!
- *This is a great game to pass around for all the kids to play together. Share it with a friend and see if you can find their eggs too!*
